

2025 UW VALLEYS DIAPER BANK ANNUAL IMPACT REPORT

UNITED WAY
St. Croix and
Red Cedar Valleys
Diaper Bank

The UW Valleys Diaper Bank was launched in 2022 to help address diaper need across Western Wisconsin. Through partnerships with food pantries, family resource centers, schools, and other community organizations, the program works to connect children and families with essential diaper supplies throughout the region.

Community support has been key to the program's continued growth. Diaper drives, volunteer efforts, and local partnerships help provide thousands of diapers and wipes each year, ensuring families have access to a basic necessity while strengthening support networks across the communities we serve.

Through ongoing collaboration with local organizations, volunteers, and distribution partners, the UW Valleys Diaper Bank remains committed to providing reliable diaper support and expanding access for families throughout Western Wisconsin.

Certified Member

As a Certified Member of the National Diaper Bank Network, UW Valleys joins organizations across the country working to address diaper need and ensure families have access to essential resources for their children. This certification reflects our commitment to supporting children and families throughout Western Wisconsin.

Through this national network, UW Valleys is part of a broader effort to raise awareness of diaper need and support families facing financial challenges. Membership also provides access to valuable resources, training opportunities, and discounted purchasing programs that help strengthen our diaper distribution efforts throughout the region.
